**Section 1: Brighton – Ashford**

Ashford - Hastings

**Section 2: Ashford – Hastings**  
Our empty set arrives from Chart Leacon. We take a return journey to Hastings, again stopping at all stops. At Rye we see our service passing the windmill. At Hastings we see a number of services arrive - filmed over a 14 year period.

Section: 3  
Reigate - Tonbridge

**Section 3: Reigate – Tonbridge**  
After our stock departs the sidings we join the service to Tonbridge, visiting some stations en route.

Section: 4  
Tonbridge - London Bridge

**Section 4: Tonbridge – London Bridge**  
Weekend engineering work resulted in no direct electric service between Tonbridge and London. A replacement thumper service ran non-stop between Tonbridge and London Bridge. Firstly we see the pair depart Tonbridge, then pass through Redhill and East Croydon, before arriving into London Bridge.

**Section 5: Charing Cross – Ashford**  
Although not our booked Class 205 or 207, this last section covers a ride on the Hastings unit on a timetabled service. First we travel from Charing Cross through Waterloo East to Hastings. Changing days and on a reduced formation we then travel to Ashford where our journey and this film ends.
