AV507 Section 1: Hunts Cross sees a number of EMU & DMU movements. The newly built South Parkway has both AC and DC EMUs. Garston is seen before closure, after which all stations are visited to Brunswick.

Section 2: Liverpool Central, Moorfields and Sandhills then we head towards Kirkdale, Rice Lane and Fazakerley. Kirkby is the limit of electrification.

Section 3: This features the route from Walton to Ormskirk where all stations are seen. At Ormskirk after the EMU movements a DMU departs for Preston.

Section 4/5: Bank Hall (Southport line) is the start of this section. Booths Old Road sees a couple of terminations due to signalling work. All stations are featured on the line to Southport with a break in section at Hightown/Formby. At Southport we also see 503s on a Farewell Railtour and a DMU arrival.

AV508 Section 1: covers the recently electrified route between Chester and Hooton. At Chester we see a couple of 73s (diesel) on the Jolly JA Railtour. Hooton is shown as the limit of electric services and we see DMU shuttles.

Section 2: Ellesmere Port branch stations feature before returning to Hooton in more recent times. Then we visit all stations to Port Sunlight & Bebington.

Section 3: Rock Ferry is visited when the limit of electrification. Next Green Lane. Birkenhead Central also sees 503s. Next is Hamilton Sq. & Moorfields.

Section 4: Lime Street and Hamilton Sq. before reaching daylight at Conway Park then visiting all stations in Birkenhead and Wallasey to New Brighton.

Section 5: All stations are featured between Bidston to West Kirby.

Running time of this DVD-R set is 104 minutes.
