

ZF02 - Contents

Filed on location by ZEBRA Films between 1993 and 1994 this DVD features the end of slam door DMUs and EMUs in the West Midlands.

A variety of DMU and EMU classes cover the cross city diagrams: 117, 119, 150, 304, 308, 310 and the recently introduced 323.

Duddeston and Aston stations also see Walsall services. All stations to Blake Street are visited on a number of occasions throughout the two year period. We then see both Lichfield City and Trent Valley stations.

Additionally - February 1994 sees Four Oaks services in falling snow.

Running time of this DVD-R is 89 minutes.
